

## Performance Summary

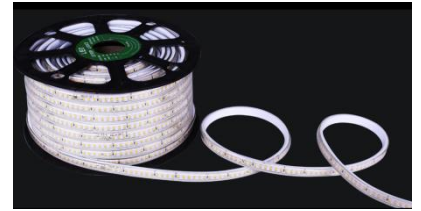

Input Voltage:	AC120V
Input Currents:	30mA
Frequency:	50/60Hz
Insulation Strength:	>4MΩ
Electrical Strength:	3750V
Unit Power:	4.5W/M(±10%)
Lamp type:	SMD2835
Lamp color:	Warm white / White
Unit Lumen:	370LM/M(±10%)
Light Efficiency:	61.6LM/W
Q'ty LED/M:	120PCS/M
Series and parallel connection:	60S2P
Wire type:	Copper wire
Dimensions:	W13.3*H6.5mm±0.2
Glue material:	PVC
IP Rating:	IP65
Ta:	<40°C
Tc:	<90°C
Cutting Unit	0.5 Meter
Maximum Lighting length:	50M

## Packing

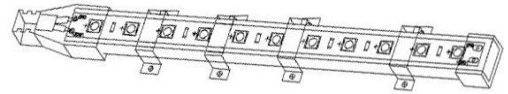

Quantity:	50M/Reel
G.W:	6KG
Carton Size:	32X32X17cm

## Installation

## LD-XS-2835-120P-120V

- Easy to install with standard accessories offered from supplier.

- Connect power and strip light as follow steps.

Find the right pins

Plug into the strips

Connect to the power cord

Fix it

---

- Can be cut on the space without PCB between each one meter.
